RULES AND REGULATIONS.

The Proprietors are requested to notice the following Rules and Regulations, which will be strictly enforced.

1. The Library is under the charge of a Librarian, from whom books may be received and to whom they may be returned on every Tuesday and Saturday, between the hours of 3 and 5 P. M.

2. A Proprietor is allowed to take out three books at one time.

3. No book to be delivered from the library, except to a Proprietor, or his written order. No person, except a Proprietor, has a right to consult the books of the Library, without a special written order from a Proprietor.

4. If any Proprietor want a book, which is already taken out, he may give the name of such book to the Librarian, in writing, and it shall be reserved for him one week after it is returned ; and the time, that it is so reserved, shall be deducted from the period, that he would have a right to retain it. No book shall be taken by any individual for two terms successively, if it be wanted by any other person entitled to the use of the same.

5. A Pamphlet may be kept out one week ; an Octavo or Duodecimo Volume, three weeks ; Quartos and Folios, five weeks.

FINES.

For detaining books beyond the time permitted the fines are :—

For a Pamphlet, 10 cents ; for an Octavo, 15 cents ; any larger size, 20 cents per week.

For every week after the first, the same sum is added. If a book be retained ten weeks, and the same be lost, the Proprietor, in addition to the fines, shall replace the same by a similar volume. If he neglect to restore the book after the expiration of six months, he shall pay twice the current price of the same. If it be a part of a set, he must make it in every respect as good as before the loss ; or he may take the remainder, and refund double the amount of cost of the whole work.

6. For injury of books by *ink, tearing, soiling, pencil-marks, &c.* such compensation shall be made, as the Trustees may judge equitable.

7. All the books belonging to the Library must be returned on or before the Wednesday preceding the day of the annual meeting : After which, no book can be taken out, till after said meeting. The penalty, for neglect of this regulation, is one dollar on each book detained.

8. The Librarian will examine the books of the Sub-Librarian once a week. If any Proprietor shall have incurred a fine, he shall be notified of the same in writing ; and if it be not paid within three weeks after such notification, his right of using the Library will be suspended, till the same is paid.

9. If any Proprietor neglect to pay his assessment in 30 days after the annual meeting, his right to use the Library will be suspended till the same is paid.

10. The Sub-Librarian is not to expose to view any book or books, sent to the Library by the bookseller, till the same have been examined, labelled, and arranged on the shelves by the Librarian.
